XIV. ANTI-RACISM/ETHNIC DISCRIMINATION STATEMENT

DERC recognizes structural racism/ethnic discrimination and other forms of oppression have contributed to persistent disparities which we seek to dismantle.

We understand that these disparities have existed in the past and persist into the present.

We acknowledge that these inequities are the result of policies and practices that work to marginalize entire populations of people.

We unequivocally denounce racism/ethnic discrimination because it undermines the well-being and vitality of our community.

DERC will continually strive to engage our community members, especially those whose voices have traditionally been marginalized.

We commit to creating a more equitable community for our members.
